Walla Walla County appreciates the opportunity to comment on the Wallula Power Project and Wallula-McNary Transmission Line Project Draft Environmental Impact Statement.

Wallula Generation, LLC have indicated to Walla Walla County its willingness to negotiate and execute a Local Project Mitigation Agreement. Wallula Generation and the County have agreed the contemplated Mitigation Agreement will address and provide for mitigation of all probable significant adverse environmental impacts, socio-economic impacts and local infrastructure impacts. Mitigation will include payment of: (a) plan review/site inspection; (b) an in-lieu of building permit fee, local socio-economic mitigation fee and; (c) A pro-rata share of the expense of off-site capital infrastructure improvements required to ameliorate the direct impacts of the Wallula Project.

14-1

Based upon Wallula Generations stated comments, at this time Walla Walla County has no additional comments on the Draft Environmental Impact Statement.
